

ARIA

The classic folding arm awning

Genius and simple

ARIA

ARIA WITH HOOD

Outdoor Blinds & Awnings Australia is proud to present the timeless classic **Aria Folding Arm Awning** - an Ingenious and user-friendly shading solution for balconies, terraces, decks and pool areas. The harmonious blend of traditional aesthetics and cutting-edge German engineering creates a versatile and ideal solution for commercial and residential dwellings.

Aria

Folding Arm Awning

Shade control at its best

A classic awning that provides excellent shading from the sun and light rain.

Custom made to measure, Aria is available in over 200 fabric designs and an extensive range of powder coated frame colours to match your building's existing aesthetics.

A single awning can be constructed up to 7m wide by 4m projection and can be operated manually or motorised - providing a simple yet effective option for terraces, patios, verandahs and balconies in commercial as well as residential settings.

To enhance outdoor space after dark

COMFORT, AESTHETICS & EASE OF USE

Aria folding arm awning provides excellent shading from the sun and light rain.

AWNING ARM INCLINATION

Adjustable between 5° and 35° degrees. 18 degrees or more is recommended to achieve best possible rain protection.

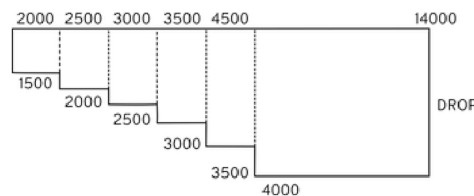

CUSTOM MADE

Each Aria Folding Arm Awning is custom made with your choice of premium Delux and Interpon powder-coating colours for the head box and hardware as well as over 200 variations of premium quality fabrics.

ENERGY SAVING

Manufactured with the state-of-the-art fabrics from leading providers such as Serge Ferrari and Dickson. The fabrics are able to reduce glare and heat by up to 70% which in turn eliminates the greenhouse effect, keeps your interiors feeling fresh and, depending on the colour of the fabric, block 90% to 100% of UV rays.

HEAD BOX SIZES & SIZE LIMITS

AUTOMATION

Available automation options include hardware to a **wall switch panel** or a **remote control**; wide range of **Automation sensors** such as wind or wind/sun sensors, motion sensors and rain sensors that easily integrate with existing or new **Smart Home Automation Systems** for convenient voice control commands.
