

ALUMINIUM LOUVRE SCREENS

LB 160, LB 200, LB 300 Series

Privacy with the view

Outdoor Blinds and Awnings Australia proudly introduces our **Aluminium Louvre Screens - Series LB 160, LB 200 & LB 300**. This smart system provides unparalleled privacy from neighbouring properties as well as shading and cooling, while maintaining views through the fixed or adjustable blades. This system can be utilised both as a decorative feature and a highly effective privacy screen - aiding BASIX certification approvals.

Aluminium Louvre Screen

Privacy with a view

Elevate the aesthetic appeal of any building facade and deliver unparalleled functionality in regulating light, heat, and privacy. Our **Aluminium Louvre Screen** system is a sturdy, engineer-certified facade solution suitable for both commercial and upscale residential projects. Crafted from extruded aluminium, our blades are available in three different sizes, providing flexibility in desired light filtration and design preferences. This system offers the choice between fixed or tilting blades, as well as manual or motorised operation.
