

RAIL

Aluminium Batten System

Minimalistic fencing solution

Introducing Outdoor Blinds and Awnings Australia's latest innovation: the **Rail Aluminium Batten System**, designed specifically for fencing or privacy screens and aiding with BASIX certifications.

The two-part rail section creates a minimalistic aesthetic with no visible screws, seamlessly attaching battens to top and bottom rails. This custom-made system promises to modernise any home facade.

Rail

Aluminium Batten System

Minimalistic fencing solution

Enhance your property's privacy and elevate its facade with our **Rail Aluminium Batten System**. Developed specifically for fencing, the system can be built two ways: face fix or shroud fix. This design flexibility ensures seamless integration with diverse building plans.

With a two-part rail section, the system achieves a minimalistic look, concealing screws for a sleek finish as battens elegantly attach to top and bottom rails.

Features

ALUMINIUM BATTEN

Do not warp, crack or splinter

BATTEN SIZE

50x50mm, 100x50mm
