

SCREENTEX Zip

Outdoor Blinds Range

Enjoy outdoor living all year around

Outdoor Blinds & Awnings Australia is a leading manufacturer and supplier of Outdoor Blinds & Awnings. Being in the industry for over 25 years gave us experience and deep understanding of the quality of shading solutions required by Australian consumers to develop **ScreenTex Premium Outdoor Blinds range.**

ScreenTex Zip

Outdoor Blinds

The ultimate track system

Utilising the latest cutting edge engineering technology Outdoor Blinds & Awnings Australia developed a new outdoor blinds system that is minimal and elegant yet robust and strong.

The sealed head box of the ScreenTex Outdoor Blinds hides the base bar of the blinds and the canvas protecting both from the weather elements and achieving a great aesthetic elegance.

ScreenTex Zip Outdoor Blinds

Create an outdoor room that is completely enclosed from wind, rain, UV light, glare and insects. Unique, slim design of side tracks and streamlined minimalist head box create a beautiful profile that would suit any building. Innovative spring activated system ensures fabric is stretched in a constant and homogeneous way in every stop position on all 4 sides, keeping it flat all year around and providing extra strength and stability during windy conditions. **ScreenTex Zip** is considered the strongest outdoor blinds system on the market, designed to close and shield any outdoor spaces.

Features

Why Choose ScreenTex ZIP Outdoor Blinds?

DESIGN

Minimalistic, sleek & simple

COMFORT, AESTHETICS & EASE OF USE

ScreenTex is the best shading solution available on the Australian market.

AUTOMATION

Available automation options include hardwire to a **wall switch panel** or a **remote control**; wide range of **Automation sensors** such as wind or wind/sun sensors, motion sensors and rain sensors that easily integrate with existing or new **Smart Home Automation Systems** of any kind for convenient voice control commands.

EUROPEAN QUALITY

Unique combination of European design and Australian made quality. Designed and engineered in Europe, manufactured in Australia with rigorous quality control of all processes from initial customer consultation to manufacturing to installation and post-service.

CUSTOM MADE

Each ScreenTex System is custom made with your choice of premium powder-coating colours for the head box and hardware as well as over 50 variations of premium quality fabrics.

INNOVATIVE SPRING ACTIVATED TECHNOLOGY

Fabric stretched on all 4 sides for ultimate weather resistance and stability

ENERGY SAVING

Manufactured with the state-of-the-art fabrics from the leading providers such as Serge Ferrari, Dickson and Achilles Clear PVC. The fabrics are able to filter up to 95% of harmful UV rays, create shade, control glare and block wind while still maintaining visibility and unobstructed views of the surroundings.

EXTRA HEAVY DUTY BOTTOM RAIL

Stable & smooth operation
