

# ScreenTex Zip

## Outdoor Blinds

Utilising the latest cutting edge engineering technology Outdoor Blinds & Awnings Australia developed a new outdoor blinds system that is minimal and elegant yet robust and strong.

Create an outdoor room that is completely enclosed from wind, rain, UV light, glare and insects. Unique, slim design of side tracks and streamlined minimalist head box create a beautiful profile that would suit any building. Innovative spring activated system ensures fabric is stretched in a constant and homogeneous way in every stop position on all 4 sides, keeping it flat all year around and providing extra strength and stability during windy conditions.

**ScreenTex Zip** is considered the strongest outdoor blinds system on the market, designed to close and shield any outdoor spaces.

## System Specifications

System	ScreenTex Zip Outdoor Blinds
Minimum width	800mm
Maximum width	6000mm
Maximum drop	4000mm
Maximum area	21sqm
Standard operation	Motor (gear unit and hand crank possible)
