# **Light Reflectance Value (LRV):** The total amount of visible light reflected from the coating, expressed as a percentage of total incoming light. Surfaces with higher light reflectance values appear lighter while surfaces with low light reflectance values appear darker.

**Specular Light Reflectance:** The portion of incoming light that is reflected such that the reflected ray is at the same angle to the surface normal as the incoming ray. Specular light reflection is expressed as a percentage of total incoming light. Surfaces with a lower specular reflection produce less glare as they scatter or absorb a greater portion of the incoming light.

For further information on light reflectivity visit [duluxpowders.com.au/spec-solutions](https://duluxpowders.com.au/spec-solutions)

\* Project type definitions:

- Non habitable projects are those that are not dwelling types. Examples can be furniture, bus shelters, signage etc.
- Residential properties < 4 levels are typically easy to maintain, given their height and access.
- Light commercial projects < 4 levels are sheltered from neighbouring buildings, but require greater durability due to higher usage and wear.
- High rise residential and commercial projects are less sheltered from neighbouring buildings, raising their exposure and reducing their ease of maintenance.
- Prestigious commercial projects attract attention and require high quality finishes to uphold the longevity and design requirements.
- Monumental projects attract the most attention and have the highest standards required to uphold the reputation and protection expected from landmark sites.

# PROTEXTURE®

TEXTURED RANGE

Highly mar and scuff resistant textured finishes built to protect, delivered with warranty grade\* advanced highly durable polyester thermosetting powder. Recommended usage includes exterior residential and light commercial buildings less than 4 levels. See product suitability tables for more information.

● Steel Shield and Alumi Shield Warranties available.

○ Non Warrantable.

1. For more information about project conditions, corrosivity zones and corrosion rates refer to [duluxpowders.com.au/warranties](https://duluxpowders.com.au/warranties)

2. Primers may be required for perforated and expanded aluminium and steel applications depending on project conditions. For full system requirements refer to [duluxpowders.com.au/warranties](https://duluxpowders.com.au/warranties)

3. Duralloy and Precious are only suitable for coastal, river and lake salt water environments >100m from the high tide and are NOT suitable in strongly acidic or caustic environments so the pH must be between 5 and 9

4. Protecture is only suitable for coastal, river and lake salt water environments >10m from the high tide and is NOT suitable in strongly acidic or caustic environments so the pH must be between 5 and 9.

For more information on specifying the right product for your project, call 13 24 99 or visit [duluxpowders.com.au](https://duluxpowders.com.au)

## Warranted Performance

All Dulux Duralloy, Precious and Protecture powder coat products are backed by product specific warranties on:

- Architectural aluminium, including perforated aluminium and expanded aluminium
- Mild steel, bright/semi bright steel, black steel and blue steel

|                        | Warranty             | Duralloy       | Precious       | Protecture     |
|------------------------|----------------------|----------------|----------------|----------------|
| Alumi Shield™ Warranty | Aluminium Durability | 10 Years       | 10 Years       | 15 Years       |
|                        | Aluminium Colour     | 10 Years       | 10 Years       | 15 Years       |
|                        | Steel Corrosion      | Up to 10 Years | Up to 10 Years | Up to 10 Years |
| Steel Shield™ Warranty | Steel Colour         | 10 Years       | 10 Years       | 15 Years       |

Warranties are made up of a colour warranty (for fade and chalking), durability warranty (film integrity for aluminium only), and corrosion warranty (for steel only). They are only valid when applied by a Dulux Accredited Powder Coater to the warranty specification on recommended project types and conditions.

For more information visit [duluxpowders.com.au/warranties](https://duluxpowders.com.au/warranties)

## Dulux Accredited Powder Coaters

Only Dulux Accredited Powder Coaters are able to issue our Dulux Alumi Shield™ and Steel Shield™ warranties after demonstrating their capability to meet stringent quality conditions and international standards.

For more information visit [duluxpowders.com.au/accredited](https://duluxpowders.com.au/accredited)

## CustomColour™

Our Architectural Colour Selector cards feature our range of stocked, readily available products and colours. If you cannot find the colour you require in a particular product, Dulux offer a premium CustomColour™ service. Call 13 24 99 or visit [duluxpowders.com.au](https://duluxpowders.com.au)

## Advice Line

Our dedicated consultants can help simplify the specification process, saving you time and money by providing the right coating advice for your project. Call 13 24 99 or visit [duluxpowders.com.au](https://duluxpowders.com.au)
