

RAIL ALUMINIUM BATTEN SYSTEM

MINIMALISTIC FENCING SOLUTION

The *Rail Aluminium Batten System*, is purpose-designed for fencing and privacy screens—combining sleek aesthetics, design flexibility, and support for **BASIX** certification approvals.

The clever **two-part rail** section conceals all screws for a seamless, minimalistic look, with battens attaching elegantly to the top and bottom rails. Choose from **face-fix** or **shroud-fix** installation to ensure perfect integration with your building plans.

Custom-made to your specifications, the *Rail Aluminium Batten System* modernises any home facade, enhances privacy, and delivers lasting durability—all while adding a touch of architectural sophistication.

RAIL
