

ALUMINIUM SHUTTERS

OUTDOOR SHADE CONTROL

The CB 90 Series *Aluminium Shutters* are designed and custom made to transform the way you live and work. Seamlessly connecting indoor and outdoor areas, these shutters create year-round comfort while offering **precise control** over light, airflow, privacy, and temperature. Crafted from **premium structural alloys**, the CB 90 Series combines modern aesthetics with exceptional strength and durability. Their intelligent design not only elevates style but also supports **BASIX certification** approvals, making them as functional as they are beautiful. Versatile in application, the shutters can be tailored with **fixed or operable blades**, and configured as **fixed or sliding panels** to suit each unique project. Ideal for both upscale residential homes and commercial spaces, they deliver the perfect balance of elegance, performance, and lifestyle comfort.
