

FIXED PIVOT ARM AWNING

ELEGANT DESIGN MEETS VERSATILE SUN PROTECTION

A modern, minimalist alternative to traditional canopy models, Fixed Pivot Arm Awnings are perfectly suited to both chic café façades and sophisticated home exteriors. With clean lines, architectural precision, and the ability to span wide areas, they deliver an elegant balance of style and performance.

Crafted with a robust aluminium framework and offered in a wide selection of premium outdoor fabrics, these awnings combine long-lasting durability with refined visual appeal.

They also provide the ideal canvas for custom branding—a powerful way for businesses to enhance street presence with logos or messaging that complement the design.

For added character and function, optional valances can be incorporated, bringing extra shade, visual refinement, and further branding opportunities.
